Dear FORT Global Team,

Thank you for the enriching experience at FORT North America 2023. I feel deeply honored to have been recognized with the ICON Award. Such an honor not only acknowledges personal endeavors but also the interconnectedness of sectors I've been privileged to touch - from philanthropy to the arts, and from corporate worlds to public service.

The exceptional work you did in organizing this event deserves praise. The event's thoughtful curation facilitated engaging dialogues, igniting many promising conversations. It's clear that the bridges built here will further the march towards impactful innovation.

Looking forward to more collaborative achievements and to a world that keeps finding new ways to celebrate impact!

Gratefully,

James Rosebush
