ATLANTA, GA 30309

Dear SWFI and FORT Organizers,

I am deeply honored to have received the ICON Award at the recently concluded FORT North America 2023 event. I accept this award on behalf of the entire TRONUS team, as an affirmation of the impact of our endeavors in the entrepreneurial sphere. As a female entrepreneur and athlete, I sincerely hope that receiving such a notable award sets a positive precedent and serves as an inspiration for other aspiring female entrepreneurs and athletes.

I want to add a word about the event itself. I think the organization of the event was exceptional. The event provided a platform for engaging with diverse and insightful individuals. The connections made were invaluable, truly making the networking opportunities phenomenal. Once again thank you for this memorable experience and recognition. I am eager to continue this journey of innovation alongside SWFI and FORT Global.

Sincerely,

A handwritten signature in black ink, appearing to read "Santia Barnes", with a horizontal line extending to the right.

Santia Barnes
